DETAILED ACTION

Response to Amendment

This Office action is in response to Applicant's communication filed October 17, 2006 in response to the Office's action dated July 17, 2006. Claims 1-7 have been amended. New claims 8-11 have been added. Claims 1-11 are pending in this application.

Allowable Subject Matter

Claims 1-11 are allowed.

The following is an examiner's statement of reasons for allowance:

The prior art of record fails to disclose the combination including the limitations of:

(Claims 1 and 4) "...storage resources which are partitioned into a plurality of storage resource groups each having one or more communication ports, storage capacity in said cache memory and one or more physical disk drives,

wherein each storage resource group is assigned to a user,

wherein the user is permitted to set a configuration of the one or more communication ports, the storage capacity in the cache memory and the one or more physical disk drives of the storage resource group assigned to the user;

a second memory which stores information on management of said storage resources including the storage resource groups each being assigned to a user and

having the one or more communication ports, the storage capacity in said cache memory, and said one or more physical disk drives;

wherein in response to reception of a transmission request of the information on management of a first storage resource group from a first user via a user interface, the storage control apparatus transmits an identifier of the one or more communication ports, an identifier of the one or more physical disk drives, and a storage capacity of the cache memory in the first storage resource group assigned to said first user."

As dependent **claims 2-3 and 5-11** depend from an allowable base claim, they are at least allowable for the same reasons as noted above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
